**Extranet Tips:**

**Extranet Welcome Guide**  
Click Here to download the extranet welcome guide. It will provide you with some assistance to help set up your reseller store.

**Quick Tips on buying at the discount rate:**

1. Review discount price list ([click here](#))
2. Identify customers in your store to get the discounted rate ([click here](#))
3. Discount prices will show up in the shopping cart at the end of the purchase
4. Purchases made by a discounted customer do not show on your commission report
5. After you have identified your discounted customer, you can purchase a Biz or US name at the discounted promotion rate by [clicking here](#).

### Hosting Name Servers

Here you can choose your own name servers or default to Wild West Domains' name servers.

Since you have chosen to offer hosting, your name servers for domain registrations cannot be changed.

The nameservers are:  
ns1.secureserver.net  
ns2.secureserver.net

### Parking Name Servers

You can let Wild West provide your customers with a default park page for free or you can provide your own custom, branded version.

☒ I would like to let Wild West Domains provide the park pages to my customers.  
park5.secureserver.net  
park6.secureserver.net

☐ I would like to provide my own custom park pages for my customers using these name servers.  
You must provide a minimum of 2 name servers and no more than 12.  
Please do not enter IP addresses; name servers should be in the format *ns.domain.ext*.  
To check the validity of a name server, go to the [Name Server Registry](#)

**Reseller Extranet**

EXTRANET HOME REPORTS API INSTRUCTIONS TECHNICAL SUPPORT LOG OUT

## Welcome to the Wild West Domains Reseller Extranet

This website (i.e. Extranet) allows you to manage your contact information, product pricing, web site look and feel, and support options.

Use the Wild West Domains, Inc (WWD) Reseller Extranet to customize your Web site and manage your reseller account.

To make customizing your Web site easier, WWD has provided an application programming interface (API) to integrate WWD's services into your website, providing a wide array of product to your customer base while maintaining your own unique look and style.

You should begin by downloading the WWD API Guide, which will provide you with detailed instructions to connect your web site to the Wild West Domains API.

**DOWNLOAD API DOCUMENTATION & SAMPLES**

If you need assistance, please view our Frequently Asked Questions or contact technical support at [APISupport@wildwestdomains.com](mailto:APISupport@wildwestdomains.com) or 480-505-8891.

### Configuring your IP Address(es)

To access the API testing and live environments, you will need to provide to us the IP Address information for your server(s). Please provide the information for both our testing - the environment you'll be developing and testing against - and live environments. You do not need 5 IP addresses. If you want to supply more than 5 please fill in the first five and additional boxes will become available.

**NOTE:** Certificate name is the "common name" listed on your secure certificate.

Test Environment:		
IP Address 1:	172.16.132.0	Certificate Name(optional): <input type="text"/>
IP Address 2:	172.16.200.0	Certificate Name(optional): <input type="text"/>
IP Address 3:	172.16.132.36	Certificate Name(optional): <input type="text"/>
IP Address 4:	172.16.132.36	Certificate Name(optional): <input type="text"/>
IP Address 5:		Certificate Name(optional): <input type="text"/>

### Certification Status

In order to gain access to the Test and Live Environments you must certify that you're able to communicate with WWD's systems and write code to accomplish the following

- Check the availability of domain names
- Make domain purchases
- Purchase Privacy for domains
- Query for domain information
- Renew domain names
- Transfer a domain name

The certification test is documented in the API Instructions. [Click here to download](#)

### Links to Your Storefront

After your customers purchase items, they'll be using tools that are provided by Wild West Domains and are located here. When any of your users are in this site, Wild West Domains provide many cross-selling and upgrading opportunities - such as upgrading to a higher version of your products.

In order to process any requested orders, we need certain links back to your web site. Please provide the link information below. If no link is provided, then that option will not appear in the management tools section that we provide.

**Hosting Name Servers**

Here you can choose your own name servers or default to Wild West Domains' name servers.

☒ I would like to use Wild West Domains' default name servers.

These name servers must be used if you are providing hosting and email services through Wild West Domains:

ns1.secureserver.net  
ns2.secureserver.net

☐ I would like to provide my own custom name servers.

You must provide a minimum of 2 name servers and no more than 12. Please do not enter IP addresses; name servers should be in the format ns.domain.ext. To check the validity of a name server, go to the Name Server Registry

1.	2.	3.
4.	5.	6.
7.	8.	9.
10.	11.	12.

APPLY CANCEL X

**Parking Name Servers**

You can let Wild West provide your customers with a default park page for free or you can provide your own custom, branded version.

☒ I would like to let Wild West Domains provide the park pages to my customers.

park5.secureserver.net  
park6.secureserver.net
